

Inhabiting the Void – Virtuality as an Ability Beyond Technology

Lundahl & Seidl create shared experiences that allow to expand one's mind and perceive the world by targeting our senses in unusual ways utilising choreography and immersive spaces. They use virtual reality not only as a tool to simply create non-existing spaces, but to challenge notions of the real and negotiate the relationships to our surroundings.

Wednesday, 15th May 2024

18:15 - 19:30

ETH Zürich, Main Campus CAB G 11
Universitätstrasse 6, 8006 Zürich
